

NON-STICK, SILICONIZED

GRILL BAGS

IDEAL FOR:

Burgers

Pizza

Paninis

Sandwiches

Tortilla

Kebabs

NON-STICK, SILICONIZED GRILL BAGS

Preparing grilled food becomes more convenient than ever with AMBER PAPER's high-quality Grill bags. Customers can be served faster with no need to scrub the grill between the servings.

The Grill bag is fit to be put directly onto a grill to heat sandwiches, kebabs, panini, burgers or pizza. After heating the product, hand it over – the product can be eaten directly from the bag!

WHY GRILL BAGS?

- **Efficiency:** the contact grill surface is kept clean while cooking
- **Quality:** unpleasant odours and flavours does not pass to the food
- **Hygiene:** the food does not touch the grill while cooking
- **Safety:** food grade silicone surface without any chemicals additives
- **Low-fat:** silicone surface creates a moist heat environment for food
